Special Instructions:

C Withdrawing your money

Should you wish to surrender your investment during the first five years, we will surrender your investment within the 60 day notice period provided for in your application form based on the market value of the underlying investments, less any surrender or liquidation fee, at the date of liquidation on any day within the 60 day liquidation period, which may be lower than the initial amount you invested.

During the first three years of such investment into any portfolio, a surrender or switch penalty of 3% (excl. VAT) will be deducted from your capital.

A surrender can only be processed once the required trade of the underlying assets have been completed. This could result in a delayed payment of your surrender amount. In the event of such delay we shall notify you of this.
